## DOG OBEDIENCE CLASSES INFORMATION

Congratulations on your interest in wanting to train your dog! For the benefit of your family, friends, neighbors, and yourself, we hope you will follow through and enroll your dog in our upcoming class. It could be the most important decision you will ever make for your dog's future. Every dog deserves to be a well-trained canine citizen. You and I share a mutual goal; that you and your dog enjoy a full and happy life together. Our training class is designed to help you be successful training your dog. The principles we use in training class give you a system of communication with your dog. Through understanding your dog and how he learns, you can teach anything that you want. With the principals and techniques you are taught in class, you will easily go beyond simple responses like sit, lie down, and come. As you develop an understanding of how your dog sees the world, you will gain a level of respect for your dog's mind, personality, emotions, and unique individuality. We believe that training dogs and teaching people can be positive and fun for both species. Remember a trained dog is a happier dog, and owners of trained dogs enjoy them to the fullest.

### Training Class

What is dog training? Dog training falls into two categories; training your dog to behave in a certain way, and training your dog not to behave in a certain way. In other words, do as I wish, and don't do as I don't wish.

Our class is designed for dog's 8 weeks of age and older. A dog is never too old to learn. During class your dog will learn to walk under control on leash, sit, down, stand, stay and come when called. Also addressed in our class is "say please", jumping up, house breaking, settling on a mat, attention, and hand targeting.

### Equipment

You will need a six foot leash, either leather, cotton or nylon web. No chain or flexi leashes. Also needed is a leather, cotton or nylon buckle or quick release collar. A proper size mat or pad for your dog to lie down on and stretch out.

### Cost of Course

Our six week course meets one evening a week; the cost is \$120 payable with your dog's registration. Our first session is a two hour orientation and registration that you may attend at no cost or obligation. The remaining five sessions are approximately one hour in length. If you pre-register for class and decide not to attend a full refund is made, for any reason, throughout the first session (orientation) ONLY. All dogs aged 8 weeks or older, purebred or mixed, are welcome to join our next training session. The step-by-step method we use in teaching you to train your dog *does* require you to work with your dog on a daily basis.

We recommend at least 5 – 10 minutes 2 x a day. Each lesson should be followed by a 5 – 10 minute play session.

### The First Class
