Please Note

We must have proof of updated vaccinations prior to grooming or records in our system must be up to date. Top Dog LTD reserves the right to turn down any pet without current vaccinations. We also only board healthy and clean pet(s). We are unable to groom pet(s) that have recently had surgery where the pet still has stitches or staples. Pet(s) that are coughing or may have any type of discharge cannot be groomed, since these may be contagious. Top Dog LTD reserves the right to seek proper and professional medical assistance, if deemed necessary by the staff of Top Dog LTD. Infested pet(s) coming here for grooming will be administered an Advantus chew (imidacloprid) to your pet(s) at arrival and charged a fee of **\$3.00** per chew.

De-matting can cause abrasions to the pet's skin depending on condition of the coat. Top Dog LTD is not liable for any harm caused by the de-matting process. There will be an **extra charge** for de-matting your pet. To keep this from becoming an issue, we suggest scheduling more frequent appointments.

Statement of Consent

I have read and agree to the above terms and policies listed on this form and verify that all information is complete and accurate. I am aware of the charges of service that will incur during grooming.
